SUMMARY

Front-End Developer specializing in responsive, performance-focused user interfaces. I build scalable front-end solutions using modern tools while sticking to time-tested web standards.
If you want it more Gen Z, more corporate, or more portfolio-flex, say the word. I'll tune it exactly where you need it.

WORK EXPERIENCE   Jan 2025 - Present

Front-End Development with React
- Built responsive and user-friendly web interfaces using HTML, CSS, and JavaScript
- Developed modern single-page applications with React.js and Next.js
- Styled scalable UIs using Tailwind CSS with a mobile-first approach
- Managed application state using React-Redux and Context API
- Implemented smooth navigation and page transitions with React Router
- Focused on responsive web design to ensure cross-device compatibility
- Followed clean code practices and component-based architecture
- Optimized UI performance and improved user experience
